

## **Increase in Penalty for Origin & Destination (OD) violation, Effective 101st March 2024**

Dear Trade Partner,

The penalty charges for OD violations will increase for bookings created effective 01Mar2024.

ADMs shall be raised as per the ADM Value and Zone Matrix sheet for bookings created effective 01Mar2024.

### **Revised ADM Penalties from Origin India shall be as follows:**

“Travel agents must issue the tickets following the airline's guidelines, fares, booking procedures, and conditions as outlined in IATA Resolution 824. If these rules are not adhered to, Emirates Airlines can audit and issue Agency Debit Memos (ADMs) for non-compliant transactions. Agents are liable for any amounts specified in these ADMs unless they can prove otherwise.”

The updated policy with revised ADM penalties from all origins across the network are on the Emirates Partners Portal, and can be found on this [link](#).

If you have any queries, please contact your Local Emirates Sales Office.

Your support is much appreciated.

**This Supersedes all our previous circulars on the above subject.**

Kind Regards,  
Emirates - India
