

Reminder On Corporate Code Usage

- Travel agents have access to corporates fares through a unique corporate code.
- Please note corporate codes to enable contracted corporate fares should only be used for the respective and designated contracted corporates.
- Any identified misuse of corporate codes will result in non-negotiable agency debit memo, and if the situation remains unresolved, the corporate codes will be suspended.
- The corporate codes should also be attached to all corporate bookings, be it FITs, groups or MICE.
